Swayam is a programme initiated by the Government of India. It has been designed to achieve the three cardinal principles of Education Policy, access, equity and quality. Swayam provides self-learning opportunities to the students by imparting the best teaching learning resources to all at no cost. MOOC courses have been incorporated in the Institute to foster the learnings of advanced learners at all levels, thus students at all levels were oriented towards the MOOC Courses on the Swayam platform in the academic year 2019 – 20. It was mandatory for M.Sc II students to complete at least one course during the year and was implemented as a mode of internal evaluation for the students. The faculty of the committee shortlisted the course on the basis of the subjects of the specialization and the level of the students. Eighty nine students registered online and enrolled for the said course on the Swayam portal. They updated their weekly progress to the faculty members. Upon completion of the course, students received a Certificate of Participation from Swayam. Twenty three students appeared for the final exam, of which sixteen students successfully cleared the same and received their Certificate of Completion. The M.Sc II students was then awarded marks for Internal assignment in one of the theory subjects. The courses taken up by the students were:

<b>Level of Students</b>	<b>Courses selected</b>	<b>Number of Students</b>
S.Y.B.Sc	Body Language Stress Management	10 students enrolled 4 students appeared for exam and cleared the course
M.Sc II - Foods, Nutrition & Dietetics	New Product Development	11 students enrolled None appeared for the exam
