**New ordinances 6675 & 6676 relating to the
Certificate Course in Home Science.**

1. Necessity of starting this course:

This course is designed for students who feel the need for knowledge pertaining to running a home. In this fast-paced life, most of us have overlooked the fact that it requires some level of expertise to run a home efficiently.

The broad objective of the Home Science course is self-improvement and empowerment through which they can contribute to the betterment of the community.

Through this course the learner is enabled to

- Develop the knowledge to meet challenges in everyday life.
- Get a better understanding of a positive, healthy environment and use skills to maintain it.
- Develop their abilities to provide for following needs of their families:
 - ✓ Food and Nutritional needs
 - ✓ Clothing and fabric need for family needs and their homes
 - ✓ Understand family relationships and the developmental progress in the family.
 - ✓ Become an entrepreneur.
 - ✓ Become sensitized towards their own health, health problems and issues in the community.

With a rise in the standard of living, this can become a good career option due to its wide application in foods, textile, health, interior decoration and home economics.

Being associated with a prestigious university and a renowned college will only empower the course.

2. There is recommendation from the UGC to start this course.

Yes. The UGC has made a strong recommendation for Skill based courses, keeping in tune with the Government of India initiative of a National Design Policy. Such a course visualizes a design enabled industry and aim to have a positive impact on the quality of life and in tune to the national economy.

3. This course has not been conducted in 2019-2020.

4. This is a proposed course, and the course will be self-financed.

5. The duration of this course is one year (2 semesters).

It would be difficult to compress this course because there are varied subjects and every subject has to be justified.

6. The intake capacity for this course is 25 students.
