CONCLUSION SECTION

18. ANY OTHER INFORMATION IN BRIEF:

Ms Payal Maheshwari

- As an exam Convenor this was another special year of examination as the mode was online exams (UG) as well as offline exams(PG). Offline exams had to have a special transitioning format for students, as they were moving from entirely an online mode to total offline mode of examination.
- As the University of Mumbai decided the pattern of examination, we being a stand alone college had to decide the format of question paper for the post graduate that met the guidelines of the UOM for offline exams.
- The committee along with the Incharge Principal, decided the basic format and then further the exam convenor in consultation with the Incharge Principal made a sample paper format which was shared at the BOS by the BOS chairperson.
- Then the format was shared with all staff and guidelines were further provided for do's and dont's to them.
- Exam convenor was constantly involved in trouble shooting all difficulties and issues that came up during the setting of paper and uploading on the UOM portal for respective subjects.

- PTV: The Peer team visit happened on 28th and 29th September 21. All roles and responsibilities given were successfully completed at the Department level, college level as well as on the two days of visit of the Peer team members, where I was the part of Hospitality team.

Ms Khyati Sampat

- PTV: The NAAC Peer Team Visit happened on 28th and 29th September 2021 in the middle of pandemic. It was wonderful to see how unanimously all worked to earn the much deserved A+ grade. I did my best in terms of handling the ECCE lab displays, department displays and interacting to the fullest with the peer team, guiding them through lab materials.
- Psychological tests ordering: Was handling the ordering, amount sanction, follow-up with dealer and payment of the following psychological tests for the department in March 2022:
 - ✓ Kaufman Assessment Battery for Children -KABC-II NU Complete Kit with Norm Update Supplement
 - ✓ Differential Aptitude Tests for Guidance
 - ✓ Bender Visual-Motor Gestalt Test (BGT II)

19. CHALLENGES FACED AND OVERCOME:

Ms Rhonda Divecha

Adapted to Online Teaching during the Pandemic period, for Theory as well as Practical subjects, using Zoom, Google meet and MS Teams platforms. Came up with creative ways to teach the Practical subjects and ensured the extension objective was met in the TY and MSc Practical, by training them in conducting online lessons/activities/ workshops for various beneficiaries like preschoolers, school children, adolescents, young women, middle and older adults too, covering a variety of topics, relevant to each group.

Ms Payal Maheshwari

This year being another special year as many changes happened like moving from online to blended to hybrid to complete offline teaching and learning and evaluation, it had its own challenges which were accomplished smoothly.

Also with Covid 19 still continuing the PTV had to be completed and finally the dates were decided, and with efforts of all under the leadership of Dr Geeta Ibrahim, the PTV was successfully completed with an outcome of A+ grade.

Ms Khyati Sampat

It was an interesting experience comprising of challenges and new learnings during the online to hybrid to offline teaching, successfully managed through the transitions.

20. FUTURE PLANS:

6. EXAMINATION WORK:

7. EXTENSION ACTIVITIES/ INDUSTRIAL VISIT:

Department of Life Long Learning and Extension:

Coordinated with Department of Lifelong Learning and Extension, University of Mumbai where the department took over a project under SWS (Status of Women in Society) which takes care of women issues. The Department of Lifelong Learning and Extension [DLLE] (known earlier as Department of Adult and Continuing Education and Extension) established on October 12, in the Year 1978 and has been recognized as a statutory Department of the University of Mumbai since 1994 to promote a meaningful and sustained rapport between the Universities and the community. Constant experimentation has enabled the DLLE to fine-tune the use of Project Work as an academic tool for the evaluation of Extension Work. Students conducted survey on Women Empowerment. And also analysed the data under the project of DLLE.

48 students of the 2021-2022 batch have registered for DLLE Programme. The entire project undertaken will be accomplished under the guidance of two student leaders Miss Disha Maroli and Miss Mariam Khan with Teacher Coordinator Mrs Sunita Jaiswal

Each One Teach One:

Each one teach one is a motivation for the educated class to understand their moral and social responsibility to teach at least one illiterate person, makes a big difference in society. Ever since the pandemic hit, it hasn't been easy for anyone. May it be the frontline worker or head of the department and so on? But one thing the pandemic has taught is that life is uncertain and that one can lose our loved ones in a blink of an eye. Keeping that in mind students of the T.Y.CRM department conducted an extension activity called "EACH ONE TEACH ONE", wherein they reached out to the underprivileged parts of the society and decided to lend a helping hand. The subjects were from all across Mumbai residing near the student's locality. The primary objective of conducting this activity was to impart knowledge through support and it is through this hands-on training and knowledge that one learns any type of skill.

As it is rightly said – "Padhega India tabhi toh badhega India" ~ Devanshi Patel. By that she meant, just taking the initiative to improve the life of just one child suffering from child labour would be more beneficial than donating something to him/her. Sure, one can be a part of many campaigns, sign on petitions, be a part of parades but how is it helping? It is through this medium that one can contribute a little towards a good cause.

Each one teach one was like a two-way street. It helped students to know their subjects well and design the pattern of study accordingly. The subjects for the activity belonged to different areas of Mumbai since students stay in different parts of Mumbai city.

The activity conducted was of 10 hours wherein the students would conduct each session of one hour each accordingly. Since everyone's target group was different, the objectives would differ depending on the subjects.

Some of the objectives included –

Incorporating low-cost nutritious recipes,

Enhancing communication skills,

Teaching entrepreneurial skills to generate income, and

Invoking consumer awareness. Menstrual health and hygiene.

Taking Basic English Grammar sessions for the kid facing difficulties, etc. After conducting these sessions, the feedback was collected.

Students and Subjects Feedback:

It was an amazing experience. At the beginning it was challenging to cover the topic which is related to math's (calculation) that to in Marathi but it went smoothly. Student enjoyed teaching it to her target group. She was happy that the knowledge she shared with Mrs. Khopkar is useful to her and she is happy about it. Even after the session she is continuing with her daily entries of income and expense and to do list. Mrs. Khopkar was so happy with the session that she even asked the student to help one of her colleague with same session and she even said that the way I taught her math's calculation was so easy to understand that anyone can do it. At the end she even suggested that she should take math's classes.

21. EXAMINATION WORK**22. EXTENSION ACTIVITIES/ INDUSTRIAL VISIT:****Extension Activities****a. KARAJGAON RURAL CAMP**

Gnanajyoti Community College, located at Patilpada Karajgaon, Palghar district is managed by the Nirmala Niketan Institute. Sr. Clara Gonsalves is the in-charge of the College. The college caters to the Warli tribal youth. The Warlis are an indigenous tribe or Adivasis living in mountainous as well as coastal areas of the Maharashtra-Gujarat border and surrounding areas. They have their own animistic beliefs, life, customs, and traditions. The Warli language is a dialect spoken by this tribe.

Sixteen students and two faculty members Dr. Roopa Rao & Ms. Saniya Pai from the Department of Community Resource Management, College of Home Science Nirmala Niketan, and Mumbai – 20 visited the Gnanajyoti Community College from 23rd to 24th March 2022. The group planned and organized various skill-building as well as knowledge-filled sessions for the sixty-four students of the community college. The planning and rehearsing began on the 7th of March 2022. Marathi-speaking students from the department opted to participate and gain practical skills. Six sessions including the feedback session were planned. Students were divided into groups and each group was delegated the responsibility to handle one session each.

The group boarded the Gujarat Super-fast Express to Umbergam in Gujarat State on 23rd March 2022 at 5.45 am from Mumbai Central station. Local transportation – autorickshaw was taken to reach the interior rural area located at Patilpada, Karajgaon. The sisters (Sr. Clera Gonsalves, Sr. Shirley, Sr. Ramila Dodhia, and Sr. Mary Colaco) were very happy to welcome the group of students at 8.00 am. After breakfast, the group attended the assembly and were then taken around for a facility tour by Sr. Mary. She also oriented the group to the work of the community college.

The ‘Warli Art Centre’ located on the ground floor of the college building, provides skill-based training to the local womenfolk. It exhibits the Warli painted artifacts such as kurtas, stoles, bags, handkerchiefs, cups/mugs, and home décor accessories. Once the group settled, they started organizing the community college hall for the icebreaker session. The tables were laid, floor mats for the students were placed and the LCD projector – laptop connected. The excited group was anxiously waiting to start the session at 10.00 am.

The schedule planned (session-wise) for the 2-day visit was as follows:

23rd March 2022 (Wednesday)

10.00 - 11.00 am	Session 1 - Icebreaker
11.00 - 1.00 pm	Session 2 - Decision Making and Time Management
1.00 - 1.30 pm	Lunch
1.30 - 3.00 pm	Session 3 - Skill Development - Rug Making
3.00 - 4.00 pm	Session 3 – Skill Development - Veg Pickle bottling and Packaging
4.00 - 5.30 pm	Session 3 – Skill Development Session - Tie n Dye
8.30 – 10.00 pm	Informal bonding Skill Development Session session with community college students

24th March 2022 (Thursday)

8.30 – 11.00 am	Session 4 – E-marketing, Marketing Skills, Packaging
11.00 - 1.00 pm	Session 5 – Stress Management & Mental Health
1.30 – 2.30 pm	Session 6 – Feedback and Good bye

The participants from the Community college as well as the sisters appreciated the efforts put in to organize the session. Sr. Clera specifically mentioned that she liked the meticulously planned 2-day coursework. Gifts were distributed to the most active participant and also to those participants who did not receive any gifts on the previous day.

The participants appreciated the skill-building sessions specifically and the games. They also were very happy with the multiple gifts that they got during the two days. Two students (Fatema Motiwala and Sakina Sadriwala) were in-charge of the gifts and had an account of it all. Students enthusiastically had started collecting relevant gifts two weeks in advance, The collected gifts/goodies were sorted and packed as per the sessions by the two in-charge students. They gift-wrapped the gifts using old wrappers as well as newspapers and placed them in different boxes. Rich/good

saris and dresses/trousers were separated and gift-wrapped for teachers and other staff. Five carton boxes were filled with gifts and the student group was excited about having collected them all. During the rural camp, gifts were distributed to encourage participation and active involvement. This strategy helped break the ice. Towards the end of the session, almost 50% of the participants had received a gift. Names of the awardees were noted to ensure that all 100% received at least one gift. Community college staff, mausi (cook), Mr. James (driver), and the helping staff were gifted with sarees and coffee mugs as a token of our love for their hospitality.

Sr. Clera expressed her happiness when the participants volunteered to give verbal feedback themselves. She said that this move itself was an improvement. The NNCHSc group was thrilled with this single compliment from Sr. Clera. Sr. Mary and Sr. Shirley also mentioned that the group had taken great efforts to ensure that every participant understood all details. The sisters also thanked Dr. Roopa Rao and Ms. Saniya Pai for the efforts and mentioned once again that the 2-day camp was well designed and also well-executed.

The 3 days sessions conducted were very much appreciated by the sisters and all the participants. This led to activity being very fun and competitive as per their reviews, this activity taught them how to work well in teams and coordinate. This also showed their unity as they were motivating each other to win too.

The participants enjoyed the music and danced in the center of the ground on the music. This was just a fun activity so that they could loosen up by dancing and become more casual with our students, which would benefit us with their honest reviews about us. Conducting this activity and seeing all participants so happy dancing and enjoying the music made everyone the happiest! Students were eagerly waiting and looking for such opportunities in the future. Games were organized and curated by Miss Disha Maroly.

Many of them had got so used to the online mode, that they would come to the college but attend lectures online by sitting in the common room. In the bargain, the timetable/schedule of classes had to be changed numerously to encounter all the arising challenges.</p>	March 2022

➤ CRM Market - Harry Potter-Welcome to Hogwarts: 2nd and 3rd March 2022.

After 2 years of lock down students of CRM were all eager to organize the Annual CRM Market in the garden area of college premises on 2nd and 3rd March 2022, a hand on experience as part of entrepreneurial skill. Harry Potter, a fantasy fiction film, was chosen as the theme. The movie inspired the formation of groups for decoration and promotion. The CRM Market's promotion was led by CR Tanaya Naik and 8 other classmates, while the Decoration was led by ACR Rukaiya Unwala and 14 other classmates.

The first goal of team was to drop hints about the theme of CRM market so the team decided to drop it step by step. Made a coming soon brochure with the typical font of Harry Potter, with coffee painted paper with burnt sides which was pinned on every bulletin board of college. 9 3/4 small chart was attached to bulletin board, indicating the platform number of the hogwarts express. Also printed a hogwarrrts acceptance letter for the invite in CRM market with venue dates and time. The letter was printed and location date time and venue was handwritten by the classmates. Digital postures were set as the desktop wallpaper in each and every classrooms with smart boards. The decoration was done in back garden of college of Home Science Niramala Niketan. The Decor was mostly done by DIY, with old papers, garbage bags as witches, a broom as Firebolt, and old newsprint as letters, among other things.

The theme was discussed in class where in three-four themes were sorted after which “Harry Potter-Welcome to Hogwarts” theme was finalized by the students and the staff. Invitation cards were made, students went personally to each staff for invitation. Soft copies of invite letters were posted in each classrooms computer desktops, whatsapp groups of students and staff.

The market ended at 3.30 pm on 3rd march 2022 with lots of memories. Students learned a lot of managing skills, marketing skills from the market and had many more personal skills to learn. 18. ANY OTHER INFORMATION IN BRIEF:

Ms Payal Maheshwari

- As an exam Convenor this was another special year of examination as the mode was online exams (UG) as well as offline exams(PG). Offline exams had to have a special transitioning format for students, as they were moving from entirely an online mode to total offline mode of examination.
- As the University of Mumbai decided the pattern of examination, we being a stand alone college had to decide the format of question paper for the post graduate that met the guidelines of the UOM for offline exams.
- The committee along with the Incharge Principal, decided the basic format and then further the exam convenor in consultation with the Incharge Principal made a sample paper format which was shared at the BOS by the BOS chairperson.
- Then the format was shared with all staff and guidelines were further provided for do's and don't's to them.
- Exam convenor was constantly involved in trouble shooting all difficulties and issues that came up during the setting of paper and uploading on the UOM portal for respective subjects.
- PTV: The Peer team visit happened on 28th and 29th September 21. All roles and responsibilities given were successfully completed at the Department level, college level as well as on the two days of visit of the Peer team members, where I was the part of Hospitality team.

Ms Khyati Sampat

- PTV: The NAAC Peer Team Visit happened on 28th and 29th September 2021 in the middle of pandemic. It was wonderful to see how unanimously all worked to earn the much deserved A+ grade. I did my best in terms of handling the ECCE lab displays, department displays and interacting to the fullest with the peer team, guiding them through lab materials.
- Psychological tests ordering: Was handling the ordering, amount sanction, follow-up with dealer and payment of the following psychological tests for the department in March 2022:
 - ✓ Kaufman Assessment Battery for Children -KABC-II NU Complete Kit with Norm Update Supplement
 - ✓ Differential Aptitude Tests for Guidance
 - ✓ Bender Visual-Motor Gestalt Test (BGT II)

19. CHALLENGES FACED AND OVERCOME:

Ms Rhonda Divecha

Adapted to Online Teaching during the Pandemic period, for Theory as well as Practical subjects, using Zoom, Google meet and MS Teams platforms. Came up with creative ways to teach the Practical subjects and ensured the extension objective was met in the TY and MSc Practical, by training them in conducting online lessons/activities/ workshops for various beneficiaries like preschoolers, school children, adolescents, young women, middle and older adults too, covering a variety of topics, relevant to each group.

Ms Payal Maheshwari

This year being another special year as many changes happened like moving from online to blended to hybrid to complete offline teaching and learning and evaluation, it had its own challenges which were accomplished smoothly.

Also with Covid 19 still continuing the PTV had to be completed and finally the dates were decided, and with efforts of all under the leadership of Dr Geeta Ibrahim, the PTV was successfully completed with an outcome of A+ grade.

Ms Khyati Sampat

It was an interesting experience comprising of challenges and new learnings during the online to hybrid to offline teaching, successfully managed through the transitions.

20. FUTURE PLANS:**Ms Payal Maheshwari:**

Being the convenor of Divyang Committee of the college, I want to plan sessions for all stake holders to raise awareness about people with disability and to begin the step toward making the college inclusive.

Ms Khyati Sampat: Looking forward to performing the new roles in committees and IQAC and at other college tasks.
