No. Aff/Recog./ 102 of 1978.

C I R C U L A R :

Pursuant to the decision taken by the Executive Council, Principals of the Constituent/Affiliated Colleges in Arts, Science and Commerce are hereby informed that the ideal strength of a division under the three-year degree courses shall be 80. However, no college will be permitted to admit more than 100 students in a division. If the total number of students exceeds 100, another division will have to be opened. Provided, however, the Vice-Chancellor may grant permission to a college to admit not more than 10 students over and above the maximum strength of 100 students if he is satisfied with the grounds and the circumstances under which such a permission is asked for.

Principals are, therefore, requested to implement the decision in making admissions to the different divisions of the three-year degree courses from the next academic year commencing from June, 1978.
