The event was organized as a part of Hunaar Karyashala, series of Skill Enhancement Workshops organized in collaboration with the Entrepreneurship Incubation Cell on 19th August 2023. The event was organized under the guidance of Dr. Pratima Goyal and Dr. Ritu Madhan.

The Hands-on Workshop on Bag Making conducted by our illustrious Alumna, Ms. Bilquis Dhrolwala was organized for the students of T.Y.B.Sc, M.Sc I and M.Sc II of the Department. Prior to the workshop, the students were given the material list, so that they could have a hands-on experience. Ms. Bilquis Dhrolwala had carried a few samples of bags, like backpack, sling bag, pouches, gadget sleeves, etc. She demonstrated three basic styles, one each of pouch, lunch bag and sling bag to the students. The students were eager to make the prototypes for themselves and each group made one prototype of:

While becoming a successful entrepreneur is natural for some, others require certain essential skills to start and lead a business to success. Keeping this in mind the Department of Textile and Fashion Technology organised its first student led activity of the year 2023-2024, Jamboree Haat on the theme “Navratri Bazaar”.

The haat was planned for the students to allow them to develop their entrepreneurial skills, to plan, source, organize, and run the market or a business of their own. To inculcate the skills of management and organisation students sourced the best quality products from different vendors by visiting various markets including manufacturers, wholesalers and retailers.

Prior to the event, the students were divided into groups/teams for individual stalls. The students were provided with a format for the sourcing and costing of products, which is as follows:

Jamboree Haat is a platform for students to have mastery over both hard and soft such as business management skills. It also develops their risk taking skills, critical thinking skills, networking skills, problem solving skills etc. These skills determine your entrepreneurial success.

Furthermore, it fosters a sense of community amongst students as they work together it also helps to inculcate group management skills as well as leadership qualities.

The students gained experience and learnt entrepreneurial skills. It was a holistic experience for the students on product sourcing, event management, sale of products and profit making.

The Haat ended at 5.00 pm and the students were enriched with experience and motivated by the profits generated by them during the day.
