

Guidance Session For NET, SET, SLET, Central and State Government Exams

A Guidance session for NET, SET, SLET and other Central and State Government exams was conducted by the Civil Service & Other Competitive Examination Committee in collaboration with Mr. Sukrut Bhaskar of SSB Academy for Central and State Government Exams on Saturday, 30th March 2024 from 1:00 to 2:00 pm at the Marie Adelaide de Cice Hall at College of Home Science Nirmala Niketan.

The target group for the session were the TYBSc, MSc I and MSc II students as they would be eligible for the various exams. 57 students attended the session.

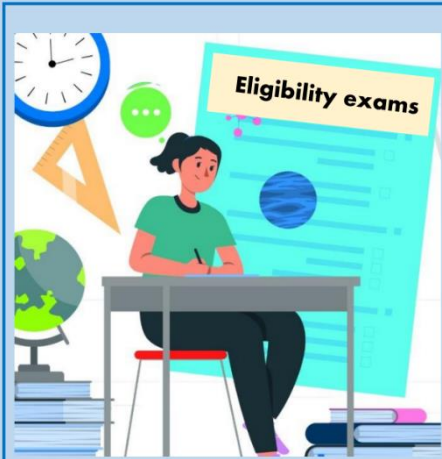

The session started with the introduction of the resource person by Ms. Vrinda Udiaver, Convener of the Committee. Mr. Sukrut Bhaskar, a Mechanical Engineer and an MBA in Marketing Management with an experience of over 10 years was the ideal choice as resource person for the session, with his skill in preparing more than 2000 students for Central and State Government examinations.

The introduction of the resource person was followed by the formal welcome by Prof. Dr. Vishka Karnad, In-charge Principal, who advised and encouraged the students to take the benefits of the organized session.

Mr. Bhaskar then started this interactive session by enquiring from the students about their career choices. He then informed them about the SLET and NET exams that are mandatory to pursue for a career in teaching. He advised them about the schedules of these exams during the year and the manner in which they would need to prepare for the exams.

He then went on to inform them about the various government exams in addition to the SLET and NET exams that graduates as well as post-graduate students are eligible for in order to bag government jobs. He emphasized the importance of need of youth in decision making processes at important positions at the state and central government bodies and encouraged students to opt for working towards appearing for these exams by telling them the various perks and advantages of having government jobs. Many of these exams and job opportunities that Mr. Bhaskar spoke about were new for the students and they had a lot of questions that he answered very patiently.

The session was an eye opener for most students and helped them think about successful job opportunities in addition to the ones offered by the regular corporate world. The session ended with MSc II student Ms. Anjali Vatwani giving the vote of thanks.
