

REPORT ON PARENT-TEACHER INTERACTION

Organized by the Department of Textile and Fashion Technology,
College of Home Science, Nirmala Niketan
Date: 2nd September 2023

The Department of Textile and Fashion Technology, College of Home Science, Nirmala Niketan, organized a Parent-Teacher Interaction on 2nd September 2023. The event aimed to strengthen the collaboration between the faculty and parents, fostering a supportive environment for students' holistic growth and academic excellence.

Objectives of the Interaction:

The main objectives of the Parent-Teacher Interaction were:

- To discuss students' academic progress and overall performance.
- To address any concerns parents or teachers might have regarding students' learning or wellbeing.
- To share updates on departmental activities, projects, and academic expectations.
- To encourage parental involvement in academic and co-curricular initiatives of the department.

Program Highlights:

1. Welcome Address: The Head of the Department Dr. Pratima Goyal formally welcomed parents, emphasizing the importance of a strong parent-teacher relationship to enhance students' educational experience. The agenda for the interaction was outlined, highlighting the importance of transparent communication between faculty and parents.

2. Academic Performance Review: Faculty members discussed students' performance in their respective subjects, providing individual feedback for each student. Parents were updated on their wards' strengths and areas needing improvement. Special emphasis was placed on practical skills in textile and fashion technology, along with strategies to help students excel.

3. Departmental Updates: The faculty shared details on recent departmental achievements, including workshops, seminars, and upcoming events. The Head of Department discussed various opportunities available for students, such as internships, project collaborations, and industry visits.

4. Skill Development and Career Guidance: Faculty members introduced various skill enhancement programs and elective courses offered by the department. Guidance on career prospects in textile and fashion technology was provided, with teachers addressing parental queries about industry expectations and job opportunities post-graduation.

5. Q&A Session: An open Q&A session allowed parents to voice their concerns and suggestions. Faculty members addressed questions related to academic workload, examination patterns, and co-curricular involvement. Constructive feedback was gathered to help the department better meet student needs.

6. Closing Remarks: The session concluded with a commitment from the faculty to provide continuous support to students and maintain regular communication with parents. The Head of Department thanked the parents for their valuable insights and assured them of the faculty's dedication to the students' growth and welfare. Dr. Goyal also requested for continuous support

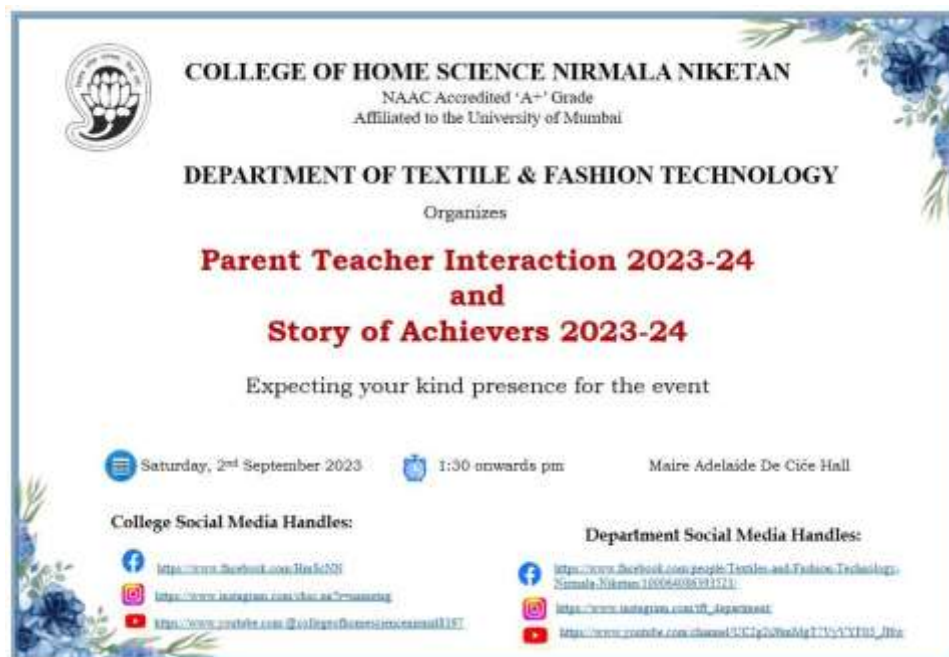

from parents in terms of quality time, financial support, taking care of their food habits, etc. for the healthy mental and physical development of their wards.

Outcome:

The Parent-Teacher Interaction was successful in creating a collaborative atmosphere. Parents appreciated the faculty’s efforts in guiding students toward excellence and left with a better understanding of their children’s academic journey. The department received positive feedback on the curriculum and efforts taken toward skill-building initiatives, which would be taken into consideration for further improvements.

Conclusion:

This interaction marked a step forward in strengthening the bond between the department, students, and their families, establishing a foundation for future success.
