

## **EXTENSION ACTIVITY-FIELD WORK BY T.Y. B.Sc. STUDENTS (2023-24)**

### **THE DEPARTMENT OF TEXTILE AND FASHION TECHNOLOGY**

The practical for Sustainable Community Work (Semester V) and Sustainable Social Entrepreneurship (Semester VI) offered to the 31 T.Y. B.Sc. students of the specialization of Textile and Fashion Technology were truly unique and fulfilling. It was coordinated by Dr. Pratima Goyal, Dr. Neha Mulchandani, Ms. Vrinda Udiaver and Dr. Anjali Srivastava. The students shared their knowledge and skills with underprivileged girls and women at Bhakar Foundation (2 centres) at Goregaon West. The target group consisted of an average of 40 girls and women between the ages of 16 to 60 years. The beneficiaries who had the misfortune of limited access to formal education and skill development, made them prime targets for our programme, our aim being skill building in women to provide them a chance for self-reliance. The groups at the three centres were very enthusiastic.

The sessions spanned from Saturday 30<sup>th</sup> September 2023 to Saturday 3<sup>rd</sup> February 2024. The products that were taught to the beneficiaries were those that could be made from pre and post-consumer textile waste. The idea behind this was sustainability both for the beneficiaries and the environment. The process flow was as follows: The students sought approval of textile waste based products from the subject teachers and on approval made these products along with detailed instructional pictures and short videos of the process. The criteria for the selection of the products was ease in accessing raw material, low cost of manufacturing and commercial viability. Once the products were made by the students, the same were taught to the target group in small manageable groups, so as to give personal attention to each beneficiary. Great attention was given to detail to ensure that the beneficiaries understand the nuances of making the product perfectly to ensure commercial viability.

In addition to teaching them these skills, our students also equipped them with the knowledge of sourcing raw material, costing, pricing, branding, packaging, labelling, photography using mobile phones and the most important soft skill of using social media as a platform for advertising and sale of their products. All this was taught to them through easy to understand graphical PowerPoint Presentations.

The various products taught to them were fabric-patch tea coasters, scissor holders, dainty hair bows, small potli bags, small circular handbags, saree storage pouches, etc.

For the students, this experience was transformative. They not only taught but also learned valuable life skills through their interactions with the women, gaining a deep sense of fulfilment from giving and receiving knowledge in return.

This extension work was more than just a practical; it was a way to empower a community while also providing the students with real-world skills and experiences that went far beyond the classroom.

## Letter of appreciation for collaboration with Bhakar Foundation

Dear Madam,

We wish to appreciate the work done by the teachers and TYBSc (2023-24) students of Department of Textile and Fashion Technology, College of Home Science Nirmala Niketan with Bhakar Foundation in the two practical subjects of Sustainable Community Work in Semester V and Social Sustainable Entrepreneurship in Semester VI with an aim to develop skills and social entrepreneurship abilities in underprivileged girls and women.

The teachers engaged in this practical have methodically planned and successfully executed this activity in the two centres situated at Bhagat Singh Colony, Link Road, Goregaon West. The sessions were conducted from 30<sup>th</sup> September 2023 to 3<sup>rd</sup> February 2024

We thank Dr. Pratima Goyal (Head of Department), Dr. Neha Mulchandani, Ms. Vrinda Udiaver and Dr. Anjali Srivastava for their excellent coordination between the centre and the students.

We also wish to also appreciate the excellent work done by the students of the TYBSc (2023-24) in training the beneficiaries. They were very enthusiastic and interacted fruitfully with our beneficiaries.

We look forward to continue this collaboration in the future too for the mutual benefit it holds for our community.

Warm regards

Adv. Deepak Sonavane  
Founder, Bhakar Foundation
