Report: On 5th February 2025, the School Connect event was held at the College of Home Science Nirmala Niketan. In this event, students from various schools in grades 8-10 visited the college to learn more about the program and what it offers. Each department set up its own station based on its specializations. Students interacted with staff and students of each specialization with regards to courses and career opportunities through various activities designed by the departments.

Outcome: Grade 8 – 10 students were made aware of the career options and opportunities in Home science & courses offered by our college. They participated in various activities organized by each department.
