REPORT ON SCHOOL CONNECT 2.0 – CAMPUS VISIT

Type of Activity: School Connect 2.0 – Campus Visit

Theme: Awareness and Promotion of Courses Offered by Nirmala Niketan College of Home Science

Date: 14th October 2026

Duration: 10.00 a.m. to 3.00 p.m.

Number of Participants: 195 students, 11 parents and 8 teachers from 8 schools

Objectives

The School Connect 2.0 – Campus Visit was organized with the following objectives:

1. To familiarize students of Grades 8 to 12 with the online admission process for Junior College at Nirmala Niketan College of Home Science.
2. To create awareness about the subjects offered at the Junior College level.
3. To introduce students to the various academic courses and programmes offered by the Institution.
4. To provide an opportunity for visiting students to interact with the faculty and students of the College.
5. To acquaint students with the academic programmes, co-curricular activities, extension work, field visits, industry collaborations and research activities conducted by the Institution.
6. To encourage and facilitate admissions to FYJC in the forthcoming academic year.
7. To create awareness about the diverse career opportunities available in the field of Home Science, particularly across its four specializations.

Report

On 14th October 2026, School Connect 2.0 – Campus Visit was organized at Nirmala Niketan College of Home Science from 10.00 a.m. to 3.00 p.m. The programme witnessed the participation of 195 students, 8 teachers and 11 parents representing 8 schools.

The campus visit was organized to provide students of Grades 9 to 12 with first-hand information about the academic opportunities available at Nirmala Niketan College of Home Science. The programme focused on creating awareness about the Junior College curriculum, admission process, courses offered by the Institution and the wide range of career opportunities available in the field of Home Science.

As part of the programme, each department set up an interactive **departmental station** highlighting its respective specialization. The stations included engaging and informative

activities designed to introduce students to the subjects, academic programmes, practical learning experiences and career pathways associated with each specialization.

The visiting students actively interacted with the faculty members and students of the respective departments. Through demonstrations, activities and discussions, they gained a better understanding of the academic programmes, career prospects and opportunities for higher education in Home Science.

The interactive nature of the campus visit enabled the students to experience the learning environment of the College and gain a broader perspective on the possibilities available to them after school. The faculty members also addressed students' queries regarding admissions, subjects, courses and career opportunities.

Outcome

The programme successfully created awareness among **Grade 9 to 12 students** about the diverse **courses, career options and higher education opportunities in Home Science**. The students participated enthusiastically in the activities conducted by the various departments and gained valuable insights into the four specializations offered by the Institution.

The campus visit also helped students understand the **Junior College admission process, subjects offered, academic environment and extracurricular opportunities** at Nirmala Niketan College of Home Science. The programme served as an effective platform for strengthening the Institution's outreach to schools and is expected to contribute towards increased awareness and interest in **FYJC admissions in the forthcoming academic year**.

Overall, **School Connect 2.0 – Campus Visit** was an informative, interactive and engaging initiative that successfully connected prospective students with the Institution and provided them with meaningful exposure to the academic and career opportunities offered by Nirmala Niketan College of Home Science.
